National Level Seminar on “Cutting Edge Technologies in Medicinal Chemistry”	PG & Research Department of Chemistry	30.01.2017	230
--	---	------------	-----

### **Report:**

Today’s scientists are challenged to find new compounds, acting alone or in combination, on intractable targets to treat multi-causal disease including cancer, metabolic and Psychiatric disorders. In the early times of modern drug discovery, the main technological arsenal available to scientists was comprised of microscopes, pipettes, test tubes and primitive immune assays, with the emergence of industrialised target-based drug discovery, microscope were relegated to a second-string role. Scientists are increasingly facing challenges inherent to the complexity of diseases and the need to bring safer drug to patients faster and at a low cost. Keeping these factors in mind, the PG & Research Department of Chemistry conducted a one-day National Level Seminar on “Cutting Edge Technologies in Medicinal Chemistry” on 30.01.2017.

Dr. S. Jose Kavitha, Assistant Professor & Head, Department of Chemistry, Mother Teresa Women’s University, Kodaikanal and Dr. Sajeesh Thankarajan, Assistant Professor, Mar Ivanios College Trivanthapuram, Kerala delivered the Special Address. 230 participants presented their papers on various themes such as ‘Medicinal Chemistry, Biomedicine, Phytochemistry, Drug Design, Drugs and Phytochemicals etc.

## PROGRAM SCHEDULE

<b>Date</b>	<b>30.01.2017 (Monday)</b>
9.15 am	Registration
9.45 am	Inauguration
10.00 am	Welcome address <b>Mrs. S. Meena</b> M.Sc., M.Ed., M.Phil.
10.30 am	<b><u>Invited Lecture - I</u></b> <b>Dr. S. Jose Kavitha</b> M.Sc., B.Ed., Ph.D Assistant Professor & Head Department of Chemistry Mother Teresa Women's University Kodaikanal.
Topic :	<b>"Insulin enhancing vanadium complexes"</b>  (11.30 - 11.45 pm - Break)
11.45 am	<b><u>Invited Lecture - II</u></b>  <b>Dr. Sajeesh Thankarajan</b> M.Sc., M.Phil., Ph.D. Assistant Professor Mar Ivanios College (Autonomous), Trivananthapuram, Kerala.
Topic :	<b>"Nutraceuticals as Chempreventive Agents"</b>
12.45 pm	Lunch Break
1.30 pm	Paper Presentation
2.30 pm	Awarding Prize for Paper Presentation
2.45 pm	<b>Valediction</b> <b>Dr. V. Johnsi Rani</b> M.Sc., M.Phil., B.Ed., Ph.D  <b>National Anthem</b>

## About the College

Sakthi College of arts and science is a constituent unit of Sowdamman Charitable Trust, Oddanchatram. Sowdamman Charitable Trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr. K. Vembanan M.B.B.S., M.S., & Dr. K. Gokila Vembanan M.B.B.S., D.G.O., with the guidance of Arutchelver Dr. N. Mahalingam.

Sakthi College of arts and science was founded in the year of 2009. It was affiliated to Mother Teresa Women's University. Sakthi College of arts and science is the first women's college in Oddanchatram. The foremost motto of the college is to enrich the students Socially, Economically and Culturally. This institution offers value based education & trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a nodal centre of learning on the basis of "Learn to Live, Live to Serve"

## About the Department

The Department of Chemistry was started in the year 2009 & upgraded as a PG & research department with the genesis of M.Sc., Chemistry program from 2010 & M.Phil. program from 2012. Our department is enriched with dedicated faculty and the department is facilitated with well equipped laboratories. Our department provides a complete learning opportunity and quality education encompassing developments in frontier research areas in chemistry. The department is specialized in research areas such as coordination chemistry, bioinorganic chemistry, adsorption studies, corrosion science and phytochemistry etc.

The Management, Principal, Faculty members and Chemistry department students cordially invite you to participate in National Level Seminar to be conducted on 30<sup>th</sup> January 2015.

### Call for papers

- Medicinal Chemistry
- Biomedicines
- Phytochemistry
- Drug Design
- Drugs and Phytochemicals

### Registration fee

Students & Scholars =

Rs.100/-

Faculty = Rs.150/-

Registration fee covers Seminar kit and lunch

## Felicitation

State level Seminar on “Applications of Mathematics in Real Life” (Inventory Control and Management)	PG & Research Department of Mathematics	21.02.2017	310
---	--	------------	-----

**Report:**

We believe that an appropriate way to teach mathematics at all levels is to do it through applications rather than to use traditional lectures, emphasizing the formalism of mathematical machinery. Real-life applications keep concerned people motivated while learning mathematics. To explore the area still more, the PG & Research Department of Mathematics conducted a one-day State level Seminar on “Applications of Mathematics in Real Life” (Inventory Control and Management) on 21.02.2017.

Dr.R. Uthayakumar, Professor and Head, Department of Mathematics, Ghandhigram Rural Institute Deemed University, Gandhigram and Dr.T. Ramachandran, Associate Professor & Head, Department of Mathematics, M.V.M. Govt. Arts College for Women, Dindigul delivered the Keynote Address and 310 participants presented their papers in parallel sessions.

**PROGRAM SCHEDULE**

9.15 am Registration  
 9.45 am Inauguration  
 10.00 am Welcome address  
 S. Maivizhiselvi, M.Sc., B.Ed., M.Phil.,

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Seminar on “Impact of Demonetization on Contemporary Business”	PG & Research Department of Commerce	28.02.2017	310

### Report:

Reserve bank of India started to reduce the circulation of physical currencies to reduce the inflation and operational cost of bank from 2004 itself. Hence to motivate the cashless economy through payment and settlement system act 2007 (PSS Act), it was legislated in December 2007. Now Indian government has taken into account of demonetization as one of the techniques to create cashless economy. A cashless economy is one in which all the transactions are done using cards or digital means. The ratio of cash to gross domestic product is one of highest in the worlds- 12.42 % in 2014, compared with 9.47% in china or 4% in Brazil. Less than 5% of all payments happen electronically in 2014 to 2016. The number of currency notes in circulation is also far higher than in other large economics. India had 76.47 billion currency notes in circulation in 2012 – 13 compared with 34.5 billion in the US.

At this juncture, the PG & Research Department of Commerce conducted a State- level Seminar on “Impact of Demonitization on Contemporary Business” on 28.02.2017. 310 students of various colleges and universities participated and presented their papers. Dr. A. Venkatachalam, Associate Professor of Commerce, G.T.N. Arts College, Dindigul and Dr. S. Balamurugan, Assistant Professor of Commerce, Periyar University, Salem were the resourcepersons and they elaborated the theme of the seminar. 320 participants presented their papers on topics like ‘Impact of Demonetization in Banking sectors, Service sectors, Corporate sectors, Agriculture sectors, Corruption, Stock exchange, Demonetization and inflation, Demonetization and economy growth and Demonetization and small and medium scale industries’.

### Topics

#### IMPACT OF DEMONETIZATION ON

- ◇ Banking sectors
- ◇ Service sectors
- ◇ Corporate sectors
- ◇ Agriculture sectors
- ◇ Corruption
- ◇ Stock exchange
- ◇ Demonetization and inflation
- ◇ Demonetization and economy growth
- ◇ Demonetization and small and medium scale industries

(Other topics related to the seminar theme will also be accepted.)

#### Important dates

	Last date
Abstract submission & Paper submission	24/02/2017

#### Registration fee

Category of registration	UG, PG Students & Research scholars
Participation and paper presentation	₹1100
Participation only	₹110

**Spot Registration Will Be Accepted**

**For further info look in Fly-By-Registration Card**

#### GUIDELINES FOR PAPER SUBMISSION

➤ One author and co-author can be included in the paper. Paper must be presented by either author or co-author or both.

➤ Length of the paper should not exceed 5 pages including abstract with key words.

➤ The papers are to be typed in A4 Size with MS Word, Times New Roman, Font Size 12, Title 16, Sub Title 14 And 1.5 Line Spacing.

➤ The abstract and full paper send to E-Mail -

[Sakthicasommerce@rediffmail.com](mailto:Sakthicasommerce@rediffmail.com)

➤ No TA and DA will be paid to the participants and delegates, however accommodation will be arranged on your at your cost.

➤ Only the registered participant will be provide with seminar kit, lunch and certificates.

➤ Best papers will be awarded I&II Prizes.

➤ Papers are invited from the students on the seminar theme with power point presentation.

➤ Certificates will be given to all the paper presenters.

### About The College.....

Sakthi college of Arts and Science is a constituent unit of Sowdamman charitable trust, Oddanchatram. Sowdamman charitable trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr.K.Vembanan M.B.,B.S.,M.S., and Dr.K.GokilaVembanan M.B.,B.S.,D.G.O.,with the guidance of Arutchelver Dr.N.Mahalingam.

Sakthi College of Arts and Science was founded in the year of 2009. It is affiliated to Mother Teresa Women's University, Kodaikanal. Sakthi College of Arts and Science is the first women's college in Oddanchatram. The foremost motto of the college is to enrich the students socially, economically, culturally and this institution offers value based education and trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a nodal centre of learning on the basis of "Learn to Live, Live To Serve"

### About The Department.....

The department of commerce was started in 2009 and has a track record of excellence in academic and other extracurricular activities. The department has highly qualified and experienced staff members who always strive to impart knowledge to the students and motivate them in their overall development and also produce many rank holders. Many of our alumni are renowned Teachers,Professors,Officers in banking and insurance sector, chartered and cost accountants, company secretary, executives in MNC's and successful entrepreneur. The department offers B.Com, B, Com (CA), M.Com, M.Com (CA) and M.Phil Programmes.

### About the seminar

Reserve bank of India started to reduce the circulation of physical currencies to reduce the inflation and operational cost of bank from 2004 itself. Hence to motivate the cash less economy through payment and settlement system act 2007 (PSS Act), legislated in December 2007. Now Indian government is taken into account of demonetization is one of the technique to create cash less economy.

A cashless economy is one in which all the transactions are done using cards or digital means. The circulation of physical currency minimal. India uses too much cash for transactions.

The ratio of cash to gross domestic product is one of highest in the worlds- 12.42 % in 2014, compared with 9.47% in china or 4% in Brazil. Less than 5% of all payments happen electronically in 2014 to 2016. The number of currency notes in circulation is also far higher than in other large economies.

India had 76.47 billion currency notes in circulation in 2012 - 13 compared with 34.5 billion in the US.

In this juncture our department intended to organize a seminar on this topic to know the impact of demonetization on contemporary Business because the Businesses are challenging one to develop.

State Level Seminar on “Nano Structure: Homojunction, Hetrojunction”	PG & Research Department of Physics	03.03.2017	120

### Report:

The PG & Research Department of Physics conducted a State Level Seminar on “Nano Structure: Homojunction, Hetrojunction” on 03.03.2017. This seminar provided a common platform to the scientific and the student community. The field is inherently interdisciplinary with Physics and Chemistry.

Dr .P.Nithiananthi, Assistant Professor of Physics, Gandhigram Rural Institute, Dindigul highlighted the fundamentals, types and applications of nano materials. The seminar paved way for an interaction between the scientific experts and the young researchers. It was useful to learn the structure, characterization and application of nanomaterials with effect of low temperature, high magnetic field and high pressure.

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Seminar on “Corrosion Management in Daily Life”	PG & Research Department of Chemistry	18.08.2017	396

### Report:

‘Corrosion and Corrosion Management’ is always an interesting topic in oil and gas industry. There is widely misunderstanding between corrosion management and Corrosion Engineering. Corrosion Management has been defined as “part of the overall management system”, which reviews the maintenance of the Corrosion Policy. However, there are many other problems occurring in the industry, especially in petroleum and chemical industries. An optimized Corrosion Management requires defined and documented roles and responsibility throughout an organization with respect to corrosion management. The defined roles and responsibilities should include personal involvement in the development, implementation, review and continual improvement of Corrosion Management.

Comprehending the situation, the PG & Research Department of Chemistry conducted the one-day State Level Seminar on “Corrosion Management in Daily Life” on 18.08.2017. Dr.R. Velrani, Assistant Professor of Chemistry, Kamaraj College, Tuticorin discussed the theme of the seminar in detail. The participants presented their papers on variegated topics like Environmental Chemistry, Corrosion and Aircrafts, Current issues in Chemistry, Green Chemistry and Phyto chemical as Corrosion Inhibitors’.

Sowdamman Charitable Trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr. K. Vembanan M.B.B.S., M.S., & Dr. K. Gokila Vembanan M.B.B.S., D.G.O., with the guidance of Arutchelver Dr. N. Mahalingam.

Sakthi College of Arts and Science was founded in the year of 2009. It was affiliated to Mother Teresa Women's University. Sakthi College of Arts and Science is the first women's College in Oddanchatram.

The foremost motto of the college is to enrich the students Socially, Economically and Culturally. This institution offers value based education & trains them in selfless service. Since the inception, the college has been endeavoring to establish it self as a nodal centre of learning on the basis of "Learn to Live, Live to Serve.

### About the Department

The Department of Chemistry was started in the year 2009 & upgraded as a PG & research department with the genesis of M.Sc., Chemistry program from 2010 & M.Phil. Program from 2014. Our department is enriched with dedicated faculty and the department is facilitated with well equipped laboratories. Our department provides a complete learning opportunity and quality education encompassing developments in frontier research areas in chemistry. The department is specialized in research areas such as coordination chemistry, bio in organic chemistry, adsorption studies, corrosion science and phyto chemistry etc.

The Management, Principal, Faculty members and Chemistry department students cordially invite you to participate in **State Level Seminar On "CORROSION MANAGEMENT IN DAILY LIFE"** on 18<sup>th</sup> August.

### **Call for papers**

- ✓ Environmental Chemistry
- ✓ Corrosion and Aircrafts
- ✓ Current Issues in Chemistry
- ✓ Green Chemistry
- ✓ Phyto chemicals as corrosion Inhibitors

### Registration fee

**Students & Scholars = Rs.150/-**

**Faculty = Rs.200/-**

### ABSTRACT

(Font Size : 12, TNR, Maximum 250 words)

State Level Seminar on “Recent Trends in Crystallography”	PG & Research Department of Physics	15.09.2017	135

### **Report:**

The main objective of the One Day State Level Seminar on “Recent Trends in Crystallography, conducted by the PG & Research Department of Physics on 15.09.2017 was to discuss both the experimental and the theoretical aspects of crystallography and to especially address the recent technological advances in these fields that are of great importance to the research field.

The special address given by Dr K.N. Vennila, Women Scientist, DST WOSA, Department of Chemistry, Gandhigram Rural Institute, Dindigul was to equip the young researchers with knowledge on crystallography as a tool for materials characterization. The papers were presented on topics like ‘Crystal Growth of Advanced Materials, Materials for Environmental Applications, Biomaterials & Nanomaterial, Application of Physics in Medical Field, Application of Smart Materials etc.

## SAKPHY'S 17

ONE DAY STATE LEVEL SEMINAR ON  
RECENT TRENDS IN CRYSTALLOGRAPHY

ORGANIZED BY  
Research Department of Physics

ON  
15.09.2017  
AT  
SAKTHI AUDITORIUM

about our College:

Sakthi College of Arts and Science for Women, Oddanchatram is a constituent unit of Sowdamman Varitable Trust, Dindigul. This trust was established on 26-11-2001 by the magnanimous and noble-hearted Philanthropists Dr K. Vembanan MBBS., M.S and Dr. Kokila Vembanan MBBS., D.G.O., with the guidance of Padmabushan Arutchelvar Dr. N. Mahalingam with an objective of uplifting rural women through higher education.

about the Department:

The Department of Physics was started in the year 2010. Our Department has well experienced research oriented faculty and the Department is facilitated with well established laboratories. The department organizes seminars and workshops to enlighten the students on the recent studies in the subject. The Department is upgraded as PG department with the genesis of M.Sc Physics programme from 2010 and M.Phil Physics programme from the Academic year 2014-15.

Call for Papers:

Papers are invited from UG, PG and M.Phil students of Physics on

1. Crystal Growth of Advanced Materials.
2. Materials for Environmental applications.
3. Biomaterials & Nanomaterials.
4. Application of Physics in Medical field.
5. Application of Smart Materials.

### Organizing Committee

#### **CONVENER:**

Mrs.G.JAMUNA PANDI, M.Sc., M.Phil.  
Head of the Department, Asst. Professor  
Department of Physics  
Sakthi College of Arts and Science for Women,  
Oddanchatram.

#### **MEMBERS:**

- 1.Mrs.M.N.Jothi, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 2.,Ms.J.Jenifer Gethcy, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 3.Ms.J.Jebarani, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 4.Mrs.S.Sridevi, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 5.Ms.G.Jeya Jothi, M.Sc., M.Phil., M.Ed.,  
Asst. Professor
- 6.Ms.P.Deviga, M.Sc., M.Phil., B.Ed.,  
Asst. Professor

#### **REGISTRATION FEE FOR STUDENTS AND SCHOLARS:**

Rs.150 /- FOR FACULTY : Rs .200/-

#### For registration please Contact:

Mrs G. Jamuna Pandi M.Sc., M.Phil.,

State Level Seminar on “Financial Inclusion for Economics and Social Development”	PG & Research Department of Commerce	19.09.2017	325

### Report:

Financial Inclusion can help the society and the economy. Financial Inclusion has the ability to generate positive externalities: it leads to increase in savings, investment and thereby, spurs the processes of economic growth. Presence of banking services and products aims to provide a critical tool to inculcate the savings habit. Financial Inclusion has now been viewed as a remedy to plug gaps and leaks in distribution of government benefits and subsidies through direct benefit transfers to beneficiaries’ bank accounts rather than through subsidizing products and making cash payments. Thus, on the whole, Financial Inclusion has the potential to bring in the unbanked masses into the formal banking system, channelize their savings, stoke their entrepreneurial ambitions by making available credit and thus give a fillip to the economy.

The PG & Research Department of Commerce organized a State Level Seminar on “Financial Inclusion for Economics and Social Development” on 19.09.2017 to know the development scheme of government especially focusing in rural areas. In session: I, Dr. Manivel, Professor, Department of Co-Operation, Gandhigram Rural Institute, Dindigul spoke on ‘Financial Inclusion and Development Scheme’. In Session: II, Dr. K. Alagar, Professor (Rtd), Department Commerce, Yadava College, Madurai spoke on ‘Financial Inclusion on Rural Economy’. The participants in the seminar presented their papers on ‘Financial Inclusion’ linking it with ‘Economic Growth, Banking sector, Rural areas, Green finance and Women Empowerment.

,

### Tonics

- ❖ Financial inclusion in economic growth
  - ❖ Financial inclusion in Banking sector
  - ❖ Financial inclusion in Rural areas
  - ❖ Financial inclusion in digital era
  - ❖ Green finance and financial inclusion
  - ❖ Financial inclusion and women empowerment
- (Other topics related to the seminar theme will also be accepted.)

### Important Dates

	Last date
Abstract submission &	15.09.2017
Paper submission	

### Registration fee

UG, PG Students & Participant	₹ 150
Research Scholars & Faculties	₹ 200

### Spot Registration Will Be Accepted

(Co- Authors also have to Pay the Registration Fee)

### GUIDELINES FOR PAPER SUBMISSION

- ↓ One author and co-author can be included in the paper. Paper must be presented by either author or co-author or both.
- ↓ Length of the paper should not exceed 5 pages including abstract with key words.
- ↓ The papers are to be typed in A4 Size with MS Word, Times New Roman, Font Size 12, Title 16, Sub Title 14 And 1.5 Line Spacing.
- ↓ The abstract and full paper send to E-Mail - [Sakthiescommerce@gmail.com](mailto:Sakthiescommerce@gmail.com)
- ↓ No TA and DA will be paid to the participants and delegates.however accommodation will be arranged on your at your cost.
- ↓ Only the registered participant will be provide with seminar kit, lunch and certificates.
- ↓ Best papers will be awarded I&II Prizes.
- ↓ Papers are invited from the students on the seminar theme with power point presentation.
- ↓ Certificates will be given to all the paper presenters.

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Workshop on “Applications of Domination in Graph & Fuzzy Graph”	PG & Research Department of Maths	28.09.2017	267

### Report:

Domination in graph has the concept of domination number, introduced by using membership values of strong arcs in fuzzy graphs. The domination number of complete fuzzy graph and complete bipartite fuzzy graph is determined and bounds is obtained for the strong domination number of fuzzy graphs.

The PG & Research Department of Mathematics conducted a one-day State Level Workshop on “Applications of Domination in Graph & Fuzzy Graph” to discuss the relationship between the strong domination number of a fuzzy graph and that of its complement. Dr.C. Y. Ponnappan, Assistant Professor of Mathematics, Govt. Arts College, Melur analyzed the Application of Domination in Chemical Industry, Telecommunication, Decision making, Networking, Discrete Mathematics etc.

State Level Seminar on “Career Awareness and Entrepreneurship Guidance”	PG & Research Department of Commerce	08.01.2019	252

### Report:

The PG & Research Department of Commerce conducted a State Level Seminar on “Career Awareness and Entrepreneurship Guidance” on 08.01.2019. The objectives of the seminar are

- To introduce new career opportunities to the students and guide them towards programs that could result in employability.
- To inculcate the spirit of entrepreneurship and the power of building a local economy that results in jobs and opportunities in the local but with a global context.
- To create tie-ups with vocational training centres to improve the academic, professional and soft skills of the students in sync with the current times.
- To engage in dialogues with the local schools, government authorities and also parents to get them more interested in the child’s education and prospective career.

In Session: I, Mrs. Prabhavathi, District Employment Officer, Dindigul spoke on ‘Competitive Examinations’. In Session: II, Mrs. A. Jaya, Assistant Director, District Industrial Center, Dindigul elaborated ‘Entrepreneurship’ and in Session: III, Mr. R. Muthiah, Junior Employment Officer, Dindigul spoke on ‘Higher Studies’.

Title of the Programme	Organizing Unit	Date	No. of Participants
State Level Seminar on “Graph Theory and its Applications”	PG & Research Department of Mathematics	05.02.2019	240

### Report:

In mathematics, graph theory is the study of graphs, which are mathematical structures, used to model pair wise relations between objects. A graph in this context is made up of vertices, nodes, (or) points which are connected by edges, arcs, (or) lines. A graph may be undirected, meaning that there is no distinction between the two vertices associated with each edge, (or) its edges may be directed from one vertex to another.

Comprehending its importance, the PG & Research Department of Mathematics conducted a one-day State Level Seminar on “Graph Theory and its Applications” on 05.02.2019. Dr.T. Ramachandran, Head, Department of Mathematics, M.V.M. Govt. Arts College for Women, Dindigul delivered the Keynote Address. The various topics discussed in the papers, presented by the participants were ‘Flow of computation, mobile phone networks (GSM) (Grouped Special Mobile), Networks of Communications, Data organization, Coloring of Map, Shortest path in road (or) a network, Google maps, Family tree, Electrical engineering- Designing of circuit connections, Parsing of a language tree, and grammar of a language tree, Lexical semantics, Method of phonology (ex, Theory of optimality which use lattice graphs), Morphology etc.

Lab Assistant

**SAKTHI**  
COLLEGE OF ARTS AND SCIENCE FOR WOMEN  
DEPARTMENT OF COMPUTER SCIENCE  
&  
COMPUTER APPLICATIONS  
An International level corporate Seminar  
on  
**BIG DATA & CLOUD COMPUTING**

**VENUE: SAKTHI AUDITORIUM**  
**DATE: 11.02.2019**

## About the Department

The Department of Computer science is one of the vivacious department, established in the year 2009. The computer science department goes beyond the syllabus and executes with a laser focus on making every student as on allround personality on every perspective of life. This is a unique department where students get the opportunity to learn the computer languages and on public speaking too

## About the Seminar

Cloud computing is a hot topic in computing and it offers a variety of computing resources as utilities over the Internet, on pay-for-use model. It creates a paradigm shift in how we harness IT and offers several benefits compared to traditional on-premise computing model which reduced costs, increased agility and flexibility

## Objectives

This seminar is designed to provide the necessary knowledge about Big data and Cloud computing. Participants will acquire the knowledge on cloud computing and big data. This seminar will address the various service delivery models and about cloud computing architecture, as well as deployment in public, private, hybrid community clouds and how it can help education institutions
