Feedback Analysis & Action Taken / 2019 - 2020

The questionnaire was sent through the online platform, Google Forms. The link was served to the alumni of the college were collected. All the respondents answered all the questions. The graphical representation was prepared on the basis of the options chosen by the respondents.

Criterion	Analysis	Action Taken
The learning I had in the college is useful in my career.	Most of the respondents are content by being a student of the institution.	The institution decides to strengthen yet more the student concerned aspects.
The syllabus is always updated.	A few respondents feel the absence of newness in the syllabus.	In the next Board of Studies, more teachers will come out their views and do upgradation of the syllabus.
Learning outcomes of the Programme, in terms of skills, concepts, knowledge, analytical abilities are high.	The graduates of the college feel that they have attained all the expected outcomes of the Programme.	The light ray of dissatisfaction is taken into consideration. More internship and Hands-on-training programmes will be planned to the present set of

		students.
The OBE based syllabus is really appreciable.	The students were new to the outcome-based syllabus and so there is a dissatisfaction slightly among them.	By displaying and making the Pos and COs known to them, the current set of students could feel the usefulness of the OBE based syllabus.
The new courses introduced meet the contemporary requirements.	More than 93% of the respondents are satisfied with the new courses introduced in the curriculum.	The relevancy of the syllabus to the modern requirements needs much attention.
The number of courses in a Programme is normal.	Some of the respondents are of the opinion that there are too many courses on the whole.	The courses are fit in as per the demands of the common structure. Suggestions will be given in the next Board of studies to reduce the number of courses.
The college gives equal importance to the co-curricular activities.	Most of the alumni are satisfied with the chances given to them to take part in all academics related activities.	The administration of the college encourages the students to participate in co-curricular and extra-curricular activities. So no alterations are needed.
I feel I am in no way inferior to the graduates of the same Programme from other institutions.	There is a common notion that the college has given the alumni a new identity and confidence.	No alterations needed.
The educational standards of the college are in steady increase.	On the whole, the graduates of the college are proud of being a part of it because of the high educational standards.	Yet more innovative methods are thought about to increase the standard of education.
