1	State Level Workshop on "Internet of Things"	PG & Research Department of Computer Science	25.01.2017	210

### Report:

The Internet of things (IoT) describes the network of physical objects -. "things", that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the Internet. A growing portion of IoT devices are created for consumer use, including connected vehicles, home automation, wearable technology, connected health, and appliances with remote monitoring capabilities. To imbibe the knowledge of how to design to get the data through the smart devices in internet, the PG & Research Department of Computer Science conducted a one-day State Level Workshop on "Internet of Things" on 25.01.2017. Er. G.Rengarajan, Branch Manager, PPV Technology Pvt Ltd, Dindigul demonstrated and conducted an interactive session.

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
2	National Level Seminar on “Cutting Edge Technologies in Medicinal Chemistry”	PG & Research Department of Chemistry	30.01.2017	230

## Report:

Today’s scientists are challenged to find new compounds, acting alone or in combination, on intractable targets to treat multi-causal disease including cancer, metabolic and Psychiatric disorders. In the early times of modern drug discovery, the main technological arsenal available to scientists was comprised of microscopes, pipettes, test tubes and primitive immune assays, with the emergence of industrialised target-based drug discovery, microscope were relegated to a second-string role. Scientists are increasingly facing challenges inherent to the complexity of diseases and the need to bring safer drug to patients faster and at a low cost. Keeping these factors in mind, the PG & Research Department of Chemistry conducted a one-day National Level Seminar on “Cutting Edge Technologies in Medicinal Chemistry” on 30.01.2017.

Dr. S. Jose Kavitha, Assistant Professor & Head, Department of Chemistry, Mother Teresa Women’s University, Kodaikanal and Dr. Sajeesh Thankarajan, Assistant Professor, Mar Ivanios College Trivanthapuram, Kerala delivered the Special Address. 230 participants presented their papers on various themes such as ‘Medicinal Chemistry, Biomedicine, Phytochemistry, Drug Design, Drugs and Phytochemicals etc.

PROGRAM SCHEDULE		ORGANISING COMMITTEE		SAKTHI COLLEGE OF ARTS AND SCIENCE FOR WOMEN	
<b>Date</b>	30.01.2017 (Monday)	<b>Convener</b>		(Affiliated to Mother Teresa Women's University) Sakthi Nagar, Dindigul - Palani Main Road, Oddanchatram - 624619, Dindigul (Dt) Ph: 0451- 2554317	
9.15 am	Registration	<b>Mrs. S. Meena</b> M.Sc., M.Ed., M.Phil. Assistant Professor & Head Department of Chemistry Sakthi College of Arts and Science for Women, Oddanchatram.			
9.45 am	Inauguration	<b>Members</b>		 <p><b>National Level Seminar On “Cutting Edge Technologies in Medicinal Chemistry”</b></p>  <p>Organized by DEPARTMENT OF CHEMISTRY</p>	
10.00 am	Welcome address <b>Mrs. S. Meena</b> M.Sc., M.Ed., M.Phil.	➤ <b>Dr. V. Johsi Rani</b> M.Sc., M.Phil., B.Ed., Ph.D. Assistant Professor			
10.30 am	<b>Invited Lecture - I</b> <b>Dr. S. Jose Kavitha</b> M.Sc., B.Ed., Ph.D. Assistant Professor & Head Department of Chemistry Mother Teresa Women's University Kodaikanal.	➤ <b>Mrs. J. Amirthasirumalar</b> M.Sc., M.Phil., B.Ed., Assistant Professor			
Topic :	<b>“Insulin enhancing vanadium complexes”</b>	➤ <b>Mrs. J. Antony Lisa</b> M.Sc., M.Phil., B.Ed., Assistant Professor			
	(11.30 - 11.45 pm - Break)	➤ <b>Dr. Mrs. T. Sathiya Kamatchi</b> M.Sc., Ph.D. Assistant Professor			
11.45 am	<b>Invited Lecture - II</b> <b>Dr. Sajeesh Thankarajan</b> M.Sc., M.Phil., Ph.D. Assistant Professor Mar Ivanios College (Autonomous), Trivanthapuram, Kerala.	➤ <b>Dr. R. Thenmozhi</b> M.Sc., M.Phil., Ph.D. Assistant Professor			
Topic :	<b>“Nutraceuticals as Chemopreventive Agents”</b>	➤ <b>Ms. S. Nandhini</b> M.Sc., B.Ed., M.Phil. Assistant Professor			
12.45 pm	Lunch Break	➤ <b>Mrs. G. Panchavarnam</b> M.Sc., M.Phil. Assistant Professor			
1.30 pm	Paper Presentation	➤ <b>Ms. T. Kasiminada Devi</b> M.Sc., B.Ed., M.Phil. Assistant Professor			
2.30 pm	Awarding Prize for Paper Presentation	➤ <b>Ms. D. Priya Darshini</b> M.Sc., B.Ed., M.Phil. Assistant Professor			
2.45 pm	<b>Valediction</b> <b>Dr. V. Johsi Rani</b> M.Sc., M.Phil., B.Ed., Ph.D.

### About the College

Sakthi College of arts and science is a constituent unit of Sowdamman Charitable Trust, Oddanchatram. Sowdamman Charitable Trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr. K. Vembanan M.B.B.S., M.S., & Dr. K. Gokila Vembanan M.B.B.S., D.G.O., with the guidance of Arutchelver Dr. N. Mahalingam.

Sakthi College of arts and science was founded in the year of 2009. It was affiliated to Mother Teresa Women's University. Sakthi College of arts and science is the first women's college in Oddanchatram. The foremost motto of the college is to enrich the students Socially, Economically and Culturally. This institution offers value based education & trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a nodal centre of learning on the basis of "Learn to Live, Live to Serve"

### About the Department

The Department of Chemistry was started in the year 2009 & upgraded as a PG & research department with the genesis of M.Sc., Chemistry program from 2010 & M.Phil. program from 2012. Our department is enriched with dedicated faculty and the department is facilitated with well equipped laboratories. Our department provides a complete learning opportunity and quality education encompassing developments in frontier research areas in chemistry. The department is specialized in research areas such as coordination chemistry, bioinorganic chemistry, adsorption studies, corrosion science and phytochemistry etc.

The Management, Principal, Faculty members and Chemistry department students cordially invite you to participate in National Level Seminar to be conducted on 30<sup>th</sup> January 2015.

#### Call for papers

- > Medicinal Chemistry
- > Biomedicines
- > Phytochemistry
- > Drug Design
- > Drugs and Phytochemicals

#### Registration fee

Students & Scholars -  
Rs. 100/-  
Faculty - Rs. 150/-

Registration fee covers Seminar kit and lunch

### Felicitation

Dr. K. Vembanan M.B.B.S., M.S.,  
Chairman, Sakthi Educational Institution

Dr. K. Gokilavembanan M.B., B.S., D.G.O.  
Vice Chairman

Mr. K. Sivakumar M.Sc., M.Ed.,  
Secretary

Dr. Mrs. S. Kanitha M.A., M.Phil., Ph.D.

3	State level Seminar on "Applications of Mathematics in Real Life" (Inventory Control and Management)	PG & Research Department of Maths	21.02.2017	310

### Report:

We believe that an appropriate way to teach mathematics at all levels is to do it through applications rather than to use traditional lectures, emphasizing the formalism of mathematical machinery. Real-life applications keep concerned people motivated while learning mathematics. To explore the area still more, the PG & Research Department of Mathematics conducted a one-day State level Seminar on "Applications of Mathematics in Real Life" (Inventory Control and Management) on 21.02.2017.

Dr.R. Uthayakumar, Professor and Head, Department of Mathematics, Ghandhigram Rural Institute Deemed University, Gandhigram and Dr.T. Ramachandran, Associate Professor & Head, Department of Mathematics, M.V.M. Govt. Arts College for Women, Dindigul delivered the Keynote Address and 310 participants presented their papers in parallel sessions.

**PROGRAM SCHEDULE**

9.15 am Registration  
 9.45 am Inauguration  
 10.00 am Welcome address  
 S. Maivizhisevi, M.Sc., B.Ed., M.Phil.,  
 10.30 am Invited Lecture - I  
 Dr. R. Uthayakumar, M.Sc.,  
 M.Phil., B.Ed., PGDCA, Ph.D.,  
 Professor & Head,  
 Department of Mathematics,  
 Ghandhigram Rural Institute,  
 Deemed University, Gandhigram.  
 Topic: "Inventory Control And  
 Management"  
 (11.30 - 11.45 pm - Break)  
 11.45 am Paper Presentation  
 12.45 pm Lunch Break  
 1.30 pm Invited Lecture - II  
 Dr. T. Ramachandran, M.Sc., M.Phil.,  
 Ph.D.,  
 Associate Professor & Head,  
 Department of Mathematics,  
 M.V.M. College of Arts & Science  
 for Women, Dindigul.  
 Topic: "Operations Research and  
 its Applications"  
 2.45 pm Valediction  
 Vote of Thanks  
 V. Revathi, M.Sc., M.Phil., B.Ed.

4	State Level Seminar on "Impact of Demonetization on Contemporary Business"	PG & Research Department of Commerce	28.02.2017	310

### Report:

Reserve bank of India started to reduce the circulation of physical currencies to reduce the inflation and operational cost of bank from 2004 itself. Hence to motivate the cashless economy through payment and settlement system act 2007 (PSS Act), it was legislated in December 2007. Now Indian government has taken into account of demonetization as one of the techniques to create cashless economy. A cashless economy is one in which all the transactions are done using cards or digital means. The ratio of cash to gross domestic product is one of highest in the worlds- 12.42 % in 2014, compared with 9.47% in china or 4% in Brazil. Less than 5% of all payments happen electronically in 2014 to 2016. The number of currency notes in circulation is also far higher than in other large economics. India had 76.47 billion currency notes in circulation in 2012 – 13 compared with 34.5 billion in the US.

At this juncture, the PG & Research Department of Commerce conducted a State-level Seminar on "Impact of Demonetization on Contemporary Business" on 28.02.2017. 310 students of various colleges and universities participated and presented their papers. Dr. A. Venkatachalam, Associate Professor of Commerce, G.T.N. Arts College, Dindigul and Dr. S. Balamurugan, Assistant Professor of Commerce, Periyar University, Salem were the resource persons and they elaborated the theme of the seminar. 320 participants presented their papers on topics like 'Impact of Demonetization in Banking sectors, Service sectors, Corporate sectors, Agriculture sectors, Corruption, Stock exchange, Demonetization and inflation, Demonetization and economy growth and Demonetization and small and medium scale industries'.

**Topics**  
IMPACT OF DEMONETIZATION ON

- ◆ Banking sectors
- ◆ Service sectors
- ◆ Corporate sectors
- ◆ Agriculture sectors
- ◆ Corruption
- ◆ Stock exchange
- ◆ Demonetization and inflation
- ◆ Demonetization and economy growth
- ◆ Demonetization and small and medium scale industries

*(Other topics related to the seminar theme will also be accepted.)*

**Registration Dates:**

	Last date
Abstract submission & Paper submission	24/02/2017

**Registration Fee:**

Category of registration	DC, PG, Students & Research scholars
Participation and paper presentation	₹31.00
Participation only	₹21.00

**Spot Registration Will Be Accepted**

**(PG-Students also have to Pay the Registration Fee)**

**GUIDELINES FOR PAPER SUBMISSION**

- ◆ One author and co-author can be included in the paper. Paper must be presented by either author or co-author or both.
- ◆ Length of the paper should not exceed 5 pages including abstract with key words.
- ◆ The papers are to be typed in A4 Size with MS Word, Times New Roman, Font Size 12, Title 16, Sub Title 14 And 1.5 Line Spacing.
- ◆ The abstract and full paper send to E-Mail - [Sebit@sebitcommerce.com](mailto:Sebit@sebitcommerce.com)
- ◆ No TA and DA will be paid to the participants and delegates, however accommodation will be arranged on your at your cost.
- ◆ Only the registered participant will be provide with seminar kit, lunch and certificate.
- ◆ Best papers will be awarded I&II Prizes.
- ◆ Papers are invited from the students on the seminar theme with power point presentation.
- ◆ Certificates will be given to all the paper presenters.

**About The College**

Sakthi college of Arts and Science is a constituent unit of Sowdamman charitable trust, Oddanchatram. Sowdamman charitable trust was established on 26.11.2001 by the munificent and single minded devotion of the foresighted philanthropists Dr.K.Vembanan M.B.,B.S.,M.S., and Dr.K.GokilaVembanan M.B.,B.S.,D.G.O.,with the guidance of Aratchelver Dr.N.Mahalingam.

Sakthi College of Arts and Science was founded in the year of 2009. It is affiliated to Mother Teresa Women's University, Kodaikanal. Sakthi College of Arts and Science is the first women's college in Oddanchatram. The foremost motto of the college is to enrich the students socially, economically, culturally and this institution offers value based education and trains them in selfless service. Since the inception, the college has been endeavoring to establish itself as a nodal centre of learning on the basis of "Learn to Live, Live To Serve"

**About The Department**

The department of commerce was started in 2009 and has a track record of excellence in academic and other extracurricular activities. The department has highly qualified and experienced staff members who always strive to impart knowledge to the students and motivate them in their overall development and also produce many rank holders. Many of our alumni are renowned Teachers,Professors,Officers in banking and insurance sector, chartered and cost accountants, company secretary, executives in MNC's and successful entrepreneur. The department offers B.Com, B. Com (CA), M.Com, M.Com (CA) and M.Phil Programmes.

**About the seminar**

Reserve bank of India started to reduce the circulation of physical currencies to reduce the inflation and operational cost of bank from 2004 itself. Hence to motivate the cash less economy through payment and settlement system act 2007 (PSS Act), legislated in December 2007. Now Indian government is taken into account of demonetization is one of the technique to create cash less economy.

A cashless economy is one in which all the transactions are done using cards or digital means. The circulation of physical currency minimal. India uses too much cash for transactions. The ratio of cash to gross domestic product is one of highest in the world- 12-42 % in 2014, compared with 9.47% in china or 4% in Brazil. Less than 5% of all payments happen electronically in 2014 to 2016. The number of currency notes in circulation is also far higher than in other large economies. India had 76.47 billion currency notes in circulation in 2012 – 13 compared with 34.5 billion in the US.

In this juncture our department intended to organize a seminar on this topic to know the impact of demonetization on contemporary Business because the Businesses are challenging one to develop.

5	State Level Seminar on “Nano Structure: Homo Junction, Hetro Junction”	PG & Research Department of Physics	03.03.2017	120

### Report:

The PG & Research Department of Physics conducted a State Level Seminar on “Nano Structure: Homo Junction, Hetro Junction” on 03.03.2017. This seminar provided a common platform to the scientific and the student community. The field is inherently interdisciplinary with Physics and Chemistry.

Dr .P.Nithiananthi, Assistant Professor of Physics, Gandhigram Rural Institute, Dindigul highlighted the fundamentals, types and applications of nano materials. The seminar paved way for an interaction between the scientific experts and the young researchers. It was useful to learn the structure, characterization and application of nanomaterials with effect of low temperature, high magnetic field and high pressure.

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
6	State Level Seminar on "Corrosion Management in Daily Life"	PG & Research Department of Chemistry	18.08.2017	396

## Report:

'Corrosion and Corrosion Management' is always an interesting topic in oil and gas industry. There is widely misunderstanding between corrosion management and Corrosion Engineering. Corrosion Management has been defined as "part of the overall management system", which reviews the maintenance of the Corrosion Policy. However, there are many other problems occurring in the industry, especially in petroleum and chemical industries. An optimized Corrosion Management requires defined and documented roles and responsibility throughout an organization with respect to corrosion management. The defined roles and responsibilities should include personal involvement in the development, implementation, review and continual improvement of Corrosion Management.

Comprehending the situation, the PG & Research Department of Chemistry conducted the one-day State Level Seminar on "Corrosion Management in Daily Life" on 18.08.2017. Dr. R. Velrani, Assistant Professor of Chemistry, Kamaraj College, Tuticorin discussed the theme of the seminar in detail. The participants presented their papers on variegated topics like Environmental Chemistry, Corrosion and Aircrafts, Current issues in Chemistry, Green Chemistry and Phyto chemical as Corrosion Inhibitors'.

### About the College

Sakthi College of arts and science is a constituent unit of Sowdamman Charitable Trust, Oddanchatram. 7	State Level Seminar on “Recent Trends in Crystallography”	PG & Research Department of Physics	15.09.2017	135

## Report:

The main objective of the One Day State Level Seminar on “Recent Trends in Crystallography, conducted by the PG & Research Department of Physics on 15.09.2017 was to discuss both the experimental and the theoretical aspects of crystallography and to especially address the recent technological advances in these fields that are of great importance to the research field.

The special address given by Dr K.N. Vennila, Women Scientist, DST WOSA, Department of Chemistry, Gandhigram Rural Institute, Dindigul was to equip the young researchers with knowledge on crystallography as a tool for materials characterization. The papers were presented on topics like ‘Crystal Growth of Advanced Materials, Materials for Environmental Applications, Biomaterials & Nanomaterial, Application of Physics in Medical Field, Application of Smart Materials etc.

---	---	--

about our College:

Sakthi College of Arts and Science for Women, Oddanchatram is a constituent unit of Sowdamman Varadachari Trust, Dindigul. This trust was established in 1961. It was started by the magnanimous and noble-hearted philanthropists Dr. K. Vembanan MBBS., M.S. and Dr. Kokila Vembanan MBBS., D.G.O., with the guidance of Padmabushan Arutchelvar Dr. N. Mahalingam with an objective of uplifting rural women through higher education.

about the Department:

The Department of Physics was started in the year 2010. Our Department has well experienced research oriented faculty and the Department is equipped with well established laboratories. The department organizes seminars and workshops to enlighten the students on the recent studies in the subject. The Department is upgraded as PG department with the genesis of M.Sc Physics programme from 2010 and M.Phil Physics programme from the Academic year 2014-15.

Call for Papers:

Papers are invited from UG, PG and M.Phil students of Physics on

1. Crystal Growth of Advanced Materials.
2. Materials for Environmental applications.
3. Biomaterials & Nanomaterials.
4. Application of Physics in Medical field.
5. Application of Smart Materials.

### Organizing Committee

#### CONVENER:

Mrs.G.JAMUNA PANDI, M.Sc., M.Phil.  
Head of the Department, Asst. Professor  
Department of Physics  
Sakthi College of Arts and Science for Women,  
Oddanchatram.

#### MEMBERS:

- 1.Mrs.M.N.Jothi,M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 2.,Ms.,J.Jenifer Gethcy ,M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 3.Ms.J.Jebarani, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 4.Mrs.S.Sridevi, M.Sc., M.Phil., B.Ed.,  
Asst. Professor
- 5.Ms.G.Jeya Jothi, M.Sc., M.Phil., M.Ed.,  
Asst. Professor
- 6.Ms.P.Deviga, M.Sc., M.Phil., B.Ed.,  
Asst. Professor

REGISTRATION FEE FOR STUDENTS AND SCHOLARS:  
Rs.150/- FOR FACULTY : Rs.200/-

#### For registration please Contact:

Mrs G. Jamuna Pandi M.Sc., M.Phil.,  
Convener  
Head & Assistant Professor of Physics  
Contact No. 9788681728

8	State Level Seminar on “Financial Inclusion for Economics and Social Development”	PG & Research Department of Commerce	19.09.2017	325

## Report:

Financial Inclusion can help the society and the economy. Financial Inclusion has the ability to generate positive externalities: it leads to increase in savings, investment and thereby, spurs the processes of economic growth. Presence of banking services and products aims to provide a critical tool to inculcate the savings habit. Financial Inclusion has now been viewed as a remedy to plug gaps and leaks in distribution of government benefits and subsidies through direct benefit transfers to beneficiaries’ bank accounts rather than through subsidizing products and making cash payments. Thus, on the whole, Financial Inclusion has the potential to bring in the unbanked masses into the formal banking system, channelize their savings, stoke their entrepreneurial ambitions by making available credit and thus give a fillip to the economy.

The PG & Research Department of Commerce organized a State Level Seminar on “Financial Inclusion for Economics and Social Development” on 19.09.2017 to know the development scheme of government especially focusing in rural areas. In session:I, Dr.Manivel, Professor, Department of Co-Operation, Gandhigram Rural Institute, Dindigul spoke on ‘Financial Inclusion and Development Scheme’. In Session: II, Dr.K.Alagar, Professor (Rtd), Department Commerce, Yadava College, Madurai spoke on ‘Financial Inclusion on Rural Economy’. The participants in the seminar presented their papers on ‘Financial Inclusion’ linking it with ‘Economic Growth, Banking sector, Rural areas, Green finance and Women Empowerment.

<p><b>Topic</b></p> <ul style="list-style-type: none"> <li>❖ Financial inclusion in economic growth</li> <li>❖ Financial inclusion in Banking sector</li> <li>❖ Financial inclusion in Rural areas</li> <li>❖ Financial inclusion in digital era</li> <li>❖ Green finance and financial inclusion</li> <li>❖ Financial inclusion and women empowerment</li> </ul> <p>(Other topics related to the seminar theme will also be accepted.)</p> <p><b>Important Dates</b></p> <table border="1"> <thead> <tr> <th></th> <th>Last date</th> </tr> </thead> <tbody> <tr> <td>Abstract submission &amp; Paper submission</td> <td>15.09.2017</td> </tr> </tbody> </table> <p><b>Registration fee</b></p> <table border="1"> <tbody> <tr> <td>UG, PG Students &amp; Participants</td> <td>&lt; 150</td> </tr> <tr> <td>Research Scholars &amp; Faculties</td> <td>&lt; 200</td> </tr> </tbody> </table> <p><b>Spot Registration Will Be Accepted</b></p> <p><b>(Co-Authors also have to Pay the Registration Fee)</b></p> <p><b>GUIDELINES FOR PAPER SUBMISSION</b></p> <ul style="list-style-type: none"> <li>1. 9	State Level Workshop on “Applications of Domination in Graph & Fuzzy Graph”	PG & Research Department of Maths	28.09.2017	267

**Report:**

Domination in graph has the concept of domination number, introduced by using membership values of strong arcs in fuzzy graphs. The domination number  $\gamma_s$  of complete fuzzy graph and complete bipartite fuzzy graph is determined and bounds is obtained for the strong domination number of fuzzy graphs.

The PG & Research Department of Mathematics conducted a one-day State Level Workshop on “Applications of Domination in Graph & Fuzzy Graph” to discuss the relationship between the strong domination number of a fuzzy graph and that of its complement. Dr.C. Y. Ponnappan, Assistant Professor of Mathematics, Govt. Arts College, Melur analyzed the Application of Domination in Chemical Industry, Telecommunication, Decision making, Networking, Discrete Mathematics etc.

10	State Level Seminar on “Career Awareness and Entrepreneurship Guidance”	PG & Research Department of Commerce	08.01.2019	252

## Report:

The PG & Research Department of Commerce conducted a State Level Seminar on “Career Awareness and Entrepreneurship Guidance” on 08.01.2019. The objectives of the seminar are

- To introduce new career opportunities to the students and guide them towards programs that could result in employability.
- To inculcate the spirit of entrepreneurship and the power of building a local economy that results in jobs and opportunities in the local but with a global context.
- To create tie-ups with vocational training centres to improve the academic, professional and soft skills of the students in sync with the current times.
- To engage in dialogues with the local schools, government authorities and also parents to get them more interested in the child’s education and prospective career.

In Session:I, Mrs. Prabhavathi, District Employment Officer, Dindigul spoke on ‘Competitive Examinations. In Session: II, Mrs.A.Jaya, Assistant Director, District Industrial Center, Dindigul elaborated ‘Entrepreneurship’ and in Session: III, Mr.R. Muthiah, Junior Employment Officer, Dindigul spoke on ‘Higher Studies’.

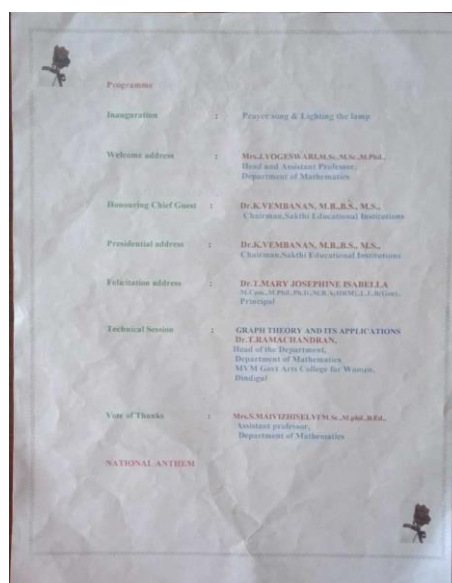

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
11	State Level Seminar on “Graph Theory and its Applications”	PG & Research Department of Mathematics	05.02.2019	240

### Report:

In mathematics, graph theory is the study of graphs, which are mathematical structures, used to model pair wise relations between objects. A graph in this context is made up of vertices, nodes, (or) points which are connected by edges, arcs, (or) lines. A graph may be undirected, meaning that there is no distinction between the two vertices associated with each edge, (or) its edges may be directed from one vertex to another.

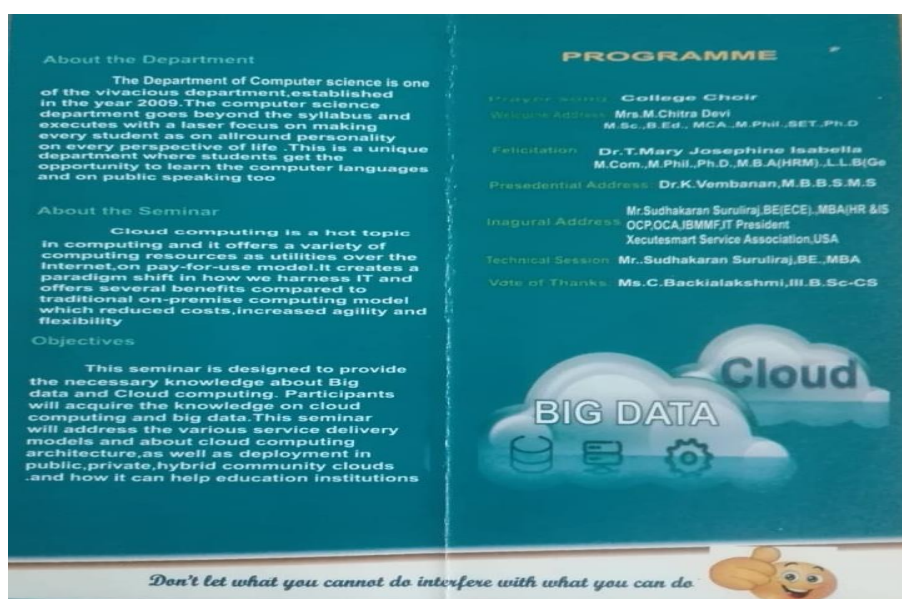

Comprehending its importance, the PG & Research Department of Mathematics conducted a one-day State Level Seminar on “Graph Theory and its Applications” on 05.02.2019. Dr.T. Ramachandran, Head, Department of Mathematics, M.V.M. Govt. Arts College for Women, Dindigul delivered the Keynote Address. The various topics discussed in the papers, presented by the participants were ‘Flow of computation, mobile phone networks (GSM) (Grouped Special Mobile), Networks of Communications, Data organization, Coloring of Map, Shortest path in road (or) a network, Google maps, Family tree, Electrical engineering- Designing of circuit connections, Parsing of a language tree, and grammar of a language tree, Lexical semantics, Method of phonology (ex, Theory of optimality which use lattice graphs), Morphology etc.

12	International Level Seminar on “Big Data and Cloud Computing”	PG & Research Department of Computer Science	11.02.2019	240

### Report:

The PG & Research Department of Computer Science conducted a one-day International Level Seminar on “Big Data and Cloud Computing” on 11.02.2019. The purpose of the seminar is to provide necessary knowledge about Cloud Computing designs. The participants got brief about the working model and parallel systems of cloud computing. Mr.Sudhakaran Suruliraj, IT President, Xecutesmart Service Association, USA spoke on the various service delivery models and about cloud computing architecture as well as deployment model as private, public and how it can be useful to the educational institutions.

One Day National Level Seminar on  
 “Emerging Trends in Software Testing with  
 Bigdata and Mean Stack Technologies”

Organized by  
 Research Department of Computer Science and Applications

11<sup>th</sup> December 2019 at 10.00 am  
 Venue : Sakthi Auditorium,  
 Sakthi College of Arts and Science for Women  
 Oddanchatram

**ABOUT THE COLLEGE**  
 Sakthi College of Arts and Science for Women, Oddanchatram was established in the year 2009 with the blessings of the great social reformer Aruvudhar Padmaraj Dr. N. Chidambaram Ayyar. It is a constituent unit of Srividyanagar Charitable Trust which was established by late Mr. C. Vembanan, Chairman Dr. K. Vembanan, M.B.B.S., M.S., and Dr. K. Rajesh Vembanan, M.B.B.S., D.D.O., with an objective of uplifting rural women through higher education.

**ABOUT THE DEPARTMENT**  
 Department of Computer Science and Applications was started in the year 2009. It has an enrollment of 200 students and the department offers B.Sc.(CS) BCA, M.Sc.(CS) M.Sc.(IT) and M.Phil.(CS). Our Department has well experienced research oriented faculties and facilitated with well established Computer Labs.

**ABOUT THE SEMINAR**  
 “Emerging Trends in Software Testing with Bigdata and Mean Stack Technologies”  
 MEAN IS MONGDODB  
 EXPRESS JS  
 ANGULAR JS  
 NODE JS  
 This seminar will help students to know how to create websites with new age technologies. It will help students to know about the most wanted domains which will help them to get jobs in software industry.

**Programme**

Prayer song	College Choir
Lightening the Lamp	Dignitaries on the Dias
Welcome Address	Mrs S.Kavitha, M.S., M.Phil., Ph.D., Head, Dept. of Computer Science.
Felicitation Address	Dr.T.Mary Josephine Isabella, M.Com., M.Phil., Ph.D., M.B.A., M.P.P.M., L.L.B.(Gen), Principal, Sakthi College of Arts and Science for Women.
Presidential Address	Dr. K.Vembanan, M.B.B.S., M.S., Chairman, Sakthi Educational Institutions.
Inaugural Address	Mr. S. Sundara Pandian, B.Tech., M.B.B.S., Corporate Trainer, Cudd (Cue Computers), Tirunelveli.
Vote of Thanks	K. Aparna, II B.Sc.(CS), Student Coordinator

14	State Level Seminar on “Recent Challenges in Li-Ion Batteries”	PG & Research Department of Physics	04.01.2020	100

### Report:

The PG & Research Department of Physics conducted a one-day State Level Seminar on “Recent Challenges in Li-Ion Batteries” on 04.01.2020 to provide the learners of science and engineering an overview of emerging enabling technologies that will accelerate the pace of discovery in Li-Ion batteries, studies on materials as well as synthesis of novel materials. Dr. R. Premila, Assistant Professor & Head, Department of Physics, A.P.A. College of Arts and Culture, Palani delivered the Keynote Address. The paper presenters focussed on ‘Nanomaterials and its Applications, Renewable Energy, Astrophysics etc.

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
15	State Level Seminar on “Optimization Models and its Applications”	PG & Research Department of Mathematics	23.01.2020	187

### Report:

In an optimization model, the goal can be to minimize the cost in a production system ((i.e.) oil refinery) where the resources are labour, raw materials, etc, and the production targets must be achieved. In a hospital the goal can be to minimize the wait time for patients in the emergency room before they are seen by a doctor where the resources are the doctors, the nurses, the rooms, the equipment, etc. In making, the goal can be to maximize the profit obtained by targeting the right customers under budget and operational conditions. In a Humanitarian operation, the goal would be to reach as many affected people as quickly as possible to distribute resource water, food, and medical services by designing optimal routes. The linear programming (LP) goal is to “maximize the farm’s to all contribution margin” subject to such constraints as market defined sales limits, market requirements, characteristics of the production cycle duration, technical requirements, bulb inventory and greenhouse limitations.

To realize the concepts related with it, the PG & Research Department of Mathematics conducted a one-day State Level Seminar on “Optimization Models and its Applications” on 23.01.2020. Dr.T.Ramachandran Head, Department of Mathematics, M.V.M. Govt. Arts College for Women, Dindigul elaborated the topic.

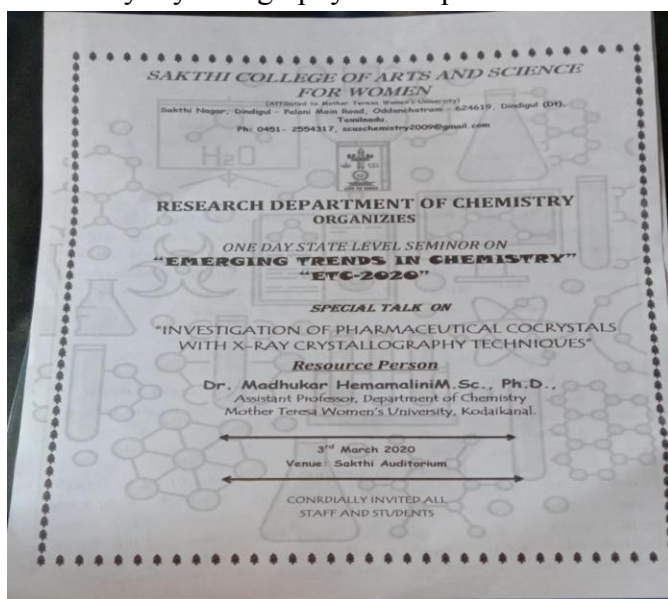

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
16	State Level Seminar on “Emerging Trends in Chemistry 2020”	PG & Research Department of Chemistry	03.03.2020	225

### Report:

In Pharmaceutical science, poor solubility and a low dissolution rate in an aqueous environment can limit the usefulness of an active pharmaceutical ingredient. Although co-crystals have been widely studied, the definition of a co-crystal varies from study to study. The United States Food and Drug Administration states that pharmaceutical co-crystals are “crystalline materials composed” of two more molecules. The actual preparation of co-crystals can be carried out by a number of different methods such as solution based methods including evaporation, cooling, anti-solvent, slurry crystallization and also by X-ray diffraction methods.

The PG & Research Department of Chemistry conducted a one-day State Level Seminar on “Emerging Trends in Chemistry 2020” on 03.03.2020. Dr. Madhukar Hemamalini, Assistant Professor, Department of Chemistry, Mother Teresa Women’s University, Kodaikanal detailed on the theme “Investigation of Pharmaceutical co-crystals with x-ray crystallography techniques”.

17	State Level Seminar on “Scope for Future Physicists”	PG & Research Department of Physics	15.03.2021	165

## Report:

To guide the learners of Physics about their higher studies, scope for employability and future prospects, the PG & Research Department of Physics conducted a one-day State Level Seminar on “Scope for Future Physicists” on 15.03.2021. Dr. R.Kannan., Professor & Head, Department of Physics, Anna University College of Engineering, Dindigul Campus spoke on the topic and enlightened the participants.

### about our College:

Sakthi College of Arts and Science for Women, Oddanchatram is a constituent unit of Sowdamman Haritable Trust, Dindigul. This trust was established on 6-11-2001 by the magnanimous and noble hearted philanthropist Dr K. Vembanan MBBS., M.S and Dr. Gokila Vembanan MBBS., D.G.O., with the guidance of Adambushan Arutchelvar Dr. N. Mahalingam.

### about the Department:

The Department of Physics was started in the year 2010. Our department has well experienced research oriented faculty and the department is facilitated with well established laboratories equipped with Muffle Furnace, Centrifuge Machine, Zeeman Effect Apparatus, He-Ne Laser, Optical Fiber Communication Apparatus, Magnetic Stirrer, Ultrasonic Instrument etc.,. The department organizes seminars and workshops to enlighten the students. The department is upgraded as a PG Department with the opening of M.Sc Physics programme from 2010 and M.Phil Physics programme from the Academic year 2014-15. Our department PG students received NSCST Project in the academic year 2019-2020. Our department faculties published papers in International Journals.

### Call for Papers:

Papers are invited by UG, PG and M.Phil students of Physics and Chemistry on

1. Nanomaterials and its applications
2. Renewable energy
3. Astrophysics

**SPOT REGISTRATION FEE FOR STUDENTS AND FACULTY MEMBERS: Rs.150 /-**

**For registration please Contact:**  
Mrs.M.N.Jothi M.Sc., M.Phil.,B.Ed.,

**Assistant Professor of Physics**  
Contact No. 9750684881

E-Mail ID: [scasphysics2009@gmail.com](mailto:scasphysics2009@gmail.com)

### Organizing Committee:

Dr.S.Porchelvi., M.SC.,M.Phil.,B.Ed.,Ph.D.  
Mrs. G. Jeya Jothi M.Sc., M.ED.,M.Phil.,(Ph.D)  
Mrs.S.Sridevi M.Sc.,M.Phil.,B.Ed., (Ph.D)  
Mrs.M.N.Jothi M.Sc., M.Phil.,B.Ed., (Ph.D)  
Mrs.G.Sophia M.Sc., M.Phil.,B.Ed.,  
Mr.S.Vasanthi M.Sc., M.Phil.,B.Ed.,

### REGISTRATION FORM

(Please register before week with the following information)

1. Name
2. Designation
3. Institution
4. Address with Cell No
5. E-Mail ID
6. Educational Qualification
7. Participants can send their registration form through E-mail (or) Post.

Place:

Date:

Signature of the Applicant

Signature of the HOD

Note: Photo copies of the Form can be used

18	National Level Seminar on "Internet of Things(IOT)"	PG & Research Department of Computer Science	16.03.2021	250

### Report:

The PG & Research Department of Computer Science conducted a one-day National Level Seminar on "Internet of Things(IOT)" on 16.03.2021. The aim of the seminar is to provide basic knowledge of Digital Image Processing in a research perceptive. Dr. T. Genish, Assistant Professor of Computer Science, Karpagam Academy of Higher Education, Coimbatore gave knowledge to the participants the correct method to write research papers in Scopus Indexed, Web of Science and SCI Indexed Journals.

SAKTHI COLLEGE OF ARTS AND SCIENCE FOR WOMEN  
ODDANCHATRAM  
(Recognised under section 2(f) and 12(B) of Act 1956  
(Affiliated to Mother Teresa Womens University, Kodaikanal)

One day National Seminar on "Internet of Things(IOT)  
Organised by  
Research Department of Computer Science

16th March 2021 at 10.00am  
Venue: Sakthi Auditorium,  
Sakthi College of Arts and Science for Women  
Oddanchatram

The Participants can present a paper from the following topics:

- Artificial Intelligence
- Internet of Things(IOT)
- Data Mining
- Image Processing
- Cloud Computing
- Machine Learning
- Cyber security & Ethical Hacking
- Robotic Systems
- Biomedical and Medical Imaging
- Social Networks
- Web mining
- Data Sciences/Big Data Analytics
- Green Computing
- E-Learning
- 3D Painting

19	State Level Seminar on “Cayley Graph and its Applications”	PG & Research Department of Mathematics	18.03.2021	148

## Report:

Application of Cayley Graph demonstrates the power of the Cayley Graph approach to solve specific applications, such as rearrangement problems and the design of interconnection networks for parallel CPU's. Recent results of the authors for efficient use of Cayley graphs are used here in exploratory analysis to extend recent results of Babai et al. on a family of trivalent Cayley graphs associated with  $PSL_2(P)$ . This family and its subgroups are important as a model for interconnection networks of parallel CPUs. The methods have also been used to solve for first time problems which were previously too large, such as the diameter of Rubiks  $2 \times 2 \times 2$  cube. New results on how to generalize the methods to rearrangement problems without a natural group structure are also presented.

To explore the concept of Cayley Graph, the PG & Research Department of Mathematics conducted a one-day State Level Seminar on “Cayley Graph and its Applications” on 18.03.2021. Dr.C.Prasanna Devi, Assistant Professor of Mathematics, Fatima College, Madurai was the resource person and she shared her views.

**Programme Schedule**

Registration  
Inauguration  
Welcome Address  
Mrs. S.Vega,  
M.Sc.,M.phil.,Jawahar, M.Sc.,M.phil.(C.V)

Welcome to Department of Mathematics

**ABOUT THE COLLEGE**  
Sakthi College of arts and science is a constituent unit of Sree Narayana Charitable Trust, Oddanchaturam. Charitable Trust was established on 26.11.2001 by the munificent and single minded devotion of the forethought philanthropists Dr. K. Venhanan M.B.B.S., M.Sc., with the guidance of Archbishop Dr. N. Mahalingam. Sakthi college of Arts and Science was founded in the year of 2009. It was affiliated to Mother Teresa Women's University, Sakthi College of Arts and Science, is first women's college in Oddanchaturam. Its recognized under section 2(F) and 12(B) of UGC Act of 1956. The foremost motto of the college is to enrich the student socially, intellectually and culturally. This institution offers value based education and trains them in selfless service since the inception, the college has been endeavoring to establish itself as a model centre of learning on the basis of "Learn by Live, Live to Serve".

**About Department of Mathematics**  
The department of Mathematics was established in 2009 B.Sc. Maths with CA. The department was recognized as PG Department in 2012 and as a Research department in 2014. The department aims in setting goals for students to lead a balanced successful life with proper health, good relationship and mental peace. Also, our goal is to create a better world through a education, research and extension activities. Remedial programmes are conducted successfully for the academic betterment of the students. At present the department has 8 teaching staff, well qualified and published many papers in UGC journals.

**Competitions:**

- 1) Paper presentation
- 2) Group charade
- 3) Mathematics Model

**Registration fee for Student Rs.150/-**  
**For Research Scholars Rs.200/-**

20	State Level Seminar on “Nano Tech 2021”	PG & Research Department of Chemistry	19.03.2021	189

## Report:

The technological branch manipulates the molecular structure of materials to change their intrinsic properties and obtain other with revolutionary applications. “It’s green, it’s clean, it’s never seen- that’s nanotechnology”. That exuberant motto, used by an executive at a trade group for nanotech entrepreneurs, reflects the buoyant enthusiasm for nanotechnology in some business and scientific circles. There are bright and dark spots in the future of nanotechnology.

To explore the area of Nanotechnology, the PG & Research Department of Chemistry conducted a one-day State Level Seminar on “Nano Tech 2021” on 19.03.2021. Dr. R. Sayee Kannan, Assistant Professor of Chemistry, Thiagarajar College, Madurai enlightened the listeners with her lecture. The participants from various colleges presented their papers on the application of Nanotechnology in different fields like Biomedicine, Environment, Electronics, Food, Energy, Textile etc.

21	State Level Seminar on “Sketching of Post Pandemic Transformation in Indian Trade and Commerce”	PG & Research Department of Commerce	23.03.2021	230

## Report:

World Trade Plunged with deep contraction in the year 2020. COVID – 19 Pandemic has also shaken the global trade and development. This immediate impact on global production, International Trade, Foreign Direct Investment in global trade and has affected global production, global trade employment and ultimately individual livelihoods. India trade is also met difficulties in all aspects due to above pandemic situation. . But after the bit free from health shocks strict lockdown rules relaxation, local trade restrictions removals, yet Indian commercial and economic slowdown expected exist during 2021 also.

In order to strengthening our India’s trade and economy with strategically best possible solutions from the major pillars ARIES - (academicians, researchers, industrial experts, students), the PG & Research Department of Commerce conducted a one-day State Level Seminar on “Sketching of Post Pandemic Transformation in Indian Trade and Commerce” on 23.03.2021. Dr. T. Devasensathipathi, Director of PPG Business School, Coimbatore spoke on the after effects of pandemics on Indian trade and commerce.

**Ask Queries**

We are inviting unpublished articles from following sectors in the connection of seminar theme. The article should be addressed pros & cons, problems, solutions, strategically measures and etc.

- Retail & Wholesale Industries
- Hotel Industries
- Tourism Sectors
- Health Care Industry
- Fashion and Heritage Marketing
- Small Scale Industries
- Life Insurance Corporation
- Transport Sectors
- Pharmacy
- Information Technology
- Hospitality Industry
- Logistics & Supply Chain Sectors

(Other topics related to the seminar theme will also be accepted)

**Important dates**

Abstract submission &	19/03/2021
Paper submission	

**Registration fee**

UG, PG Students & Participants	₹ 150
Research Scholars & Faculty	₹ 100

**Spot Registration Will Be Accepted**

(Co-Authors also have to Pay the Registration Fee)

**GUIDELINES FOR PAPER SUBMISSION**

- One author and co-author can be included in the paper. Paper must be presented by either author or co-author or both.
- Length of the paper should not exceed 5 pages including abstract with key words.
- The papers are to be typed in A4 Size with MS Word, Times New Roman, Font Size 11, Title 14, Sub Title 14 And 15 Line Spacing.
- The abstract and full paper send to E-Mail - [Sakshiconferences@gmail.com](mailto:Sakshiconferences@gmail.com).
- No TA and DA will be paid to the participants and delegates, however accommodation will be arranged on your at your cost.
- Only the registered participant will be provide with seminar kit, lunch and certificates.
- Best papers will be awarded IABT Prizes.
- Papers are invited from the students on the seminar theme with power points presentation.
- Certificates will be given to all the paper presenters.

**Sakshi College of Arts and Science for Women**

(Affiliated to Mother Teresa Women's University, Kodaikanal, Sakshi College of Arts and Science)

Approved and revised - 23/03/2021 by Dr. T. Devasensathipathi

**One day NATIONAL LEVEL SEMINAR**

On  
**“STRATEGICAL SKETCHING OF POST PANDEMIC TRANSFORMATION IN INDIAN TRADE AND COMMERCE”**

Date: 23.03.2021 (Tuesday)

Organized by  
**Research Department of Commerce**

Sakshi College of Arts and Science for Women, Otdanchatram, Dindigul (DT),  
Mobile No: 9442209896, 9199077753  
Mail ID: [Sakshiconferences@gmail.com](mailto:Sakshiconferences@gmail.com)

**About The College.....**

Sakshi college of Arts and Science is a constituent unit of Sowdamini charitable trust, Otdanchatram, Sowdamini charitable trust was established on 26.11.2001 by the munificent and single minded devotion of the forefathers philanthropists: Dr.K.Venbanu M.R.E.S.M.S., and Dr.K.GobilaVenbanu M.R.E.S.D.G.O., with the guidance of architect Dr.N.Mahalingam.

Sakshi College of Arts and Science was founded in the year of 2009. It is affiliated to Mother Teresa Women's University, Kodaikanal. Sakshi College of Arts and Science is the first women's college in Otdanchatram. The foremost motto of the college is to enrich the students socially, economically, culturally and this institution offers value based education and train them in selfless service. Since the inception, the college has been endeavoring to establish itself as a model centre of learning on the basis of "Learn to Live, Live to Serve".

**About The Department.....**

The department of commerce was started in 2009 and has a track record of excellence in academic and other extracurricular activities. The department has highly qualified and experienced staff members who always strive to impart knowledge to the students and motivate them in their overall development and also produce many rank holders. Many of our alumni are renowned Teachers, Professors, Officers in banking and insurance sector, chartered and cost accountants, company secretary, executives in MNC's and successful entrepreneurs. The department offers B.Com, R. Com (CA), M.Com, M.Com (C) and M.Phil Programmes.

**About the seminar**

World Trade, Plunged with deep contraction in the year 2020. COVID – 19 Pandemic has also shaken the global trade and development. This circumstance immediately impacted on global production, International Trade, Foreign Direct Investment in global trade and has affected global production, global trade employment and ultimately individual livelihoods.

**India's trade too met difficulties in all aspects due to above pandemic situation. But after the bit free from health shocks, strict lockdown rules relaxation, local trade restrictions removals, yet Indian commercial and economic slowdown expected to exist during 2021 also. However, India's trade slightly favoring during the first phase of the year 2021. In order to strengthening our India's trade and economy need of the hour is strategically best possible solutions from the major pillars (ARIES)-Academicians, Researchers, Industrial Experts and Students.**

22	Webinar on “Crystal Growth and its Characterization”	PG & Research Department of Physics	19.05.2021	100

### Report:

Crystal growth is a major stage of a crystallization process, and consists in the addition of new atoms, ions, or polymer strings into the characteristic arrangement of the crystalline lattice. The growth typically follows an initial stage of either homogeneous or heterogeneous (surface catalyzed) nucleation, unless a "seed" crystal, purposely added to start the growth, was already present. The action of crystal growth yields a crystalline solid whose atoms or molecules are close packed, with fixed positions in space relative to each other. The crystalline state of matter is characterized by a distinct structural rigidity and very high resistance to deformation (i.e. changes of shape and/or volume).

To study in detail about the growth of crystals, the PG & Research Department of Physics conducted a Webinar on “Crystal Growth and its Characterization” on 19.05.2021. Dr. (Mrs).A. Chitra Devi, Associate Professor & Head, Sri Subramanya College of Engg. & Tech., Palani spoke on ‘Nucleation, Mechanisms of Growth of Crystal, Diffusion-control etc.

23	Webinar on “Role of Reagents in Organic Synthesis and Role of Chemists during Pandemic Period”	PG & Research Department of Chemistry	21.05.2021	215

### Report:

A reagent is a compound or mixture added to a system to cause a chemical reaction or test if a reaction occurs. A reagent may be used to find whether or not a specific chemical substance is present by causing a reaction to occur with it. Since the start of new coronavirus (COVID-19) outbreak in December 2019, Pharmacists, chemists worldwide are playing a key role adopting innovative strategies to minimize the adverse impact of the pandemic.

To highlight the prevalent condition and try to find solution to the challenges faced by the people, the PG & Research Department of Chemistry conducted Webinar on “Role of Reagents in Organic Synthesis and Role of Chemists during Pandemic Period” on 21.05.2021. Dr. S. Syed Anuthahir, Assistant Professor of Chemistry, Jamal Mohamed College, Trichy spoke on ‘Organic synthesis, Mechanism of reaction, Composition of Sanitizer and Tablet chemical compounds’.

24	Webinar on “Career Planning And Corporate Outlook in Current Scenario”	PG & Research Department of Commerce	22.05.2021	149

### Report:

A career can be defined as a person's progress within an occupation or series of occupations. However, a career is more than just a job, or working, or your occupation. It also includes your progress through life, your growth and development in vocational and avocational areas of life. Many of us think that there is only one occupation that is best suited for us, but there are really several that may be good choices. Deciding on your initial career may present a stressful and frightening prospect.

To help the young learners in deciding their future career, the PG & Research Department of Commerce conducted Webinar on “Career Planning And Corporate Outlook in Current Scenario” on 22.05.2021. Dr.G.Sathish Assistant Professor of Management Studies, Vijay Institute of Management, Dindigul elaborated how many tend to perceive career decision-making as complex or even mysterious, only because they tend to concentrate on the outcome and overlook the decision-making and planning process.

25	Webinar on “Low Dimensional Semiconducting Materials and their Applications in Optoelectronics”	PG & Research Department of Physics	24.05.2021	305

### Report:

Low-dimensional (including two-dimensional [2D], one-dimensional [1D], and zero-dimensional [0D]) semiconductor materials have great potential in electronic/optoelectronic applications due to their unique structure and characteristics. Many 2D (such as transition metal dichalcogenides and black phosphorus) and 1D (such as NWs) materials have demonstrated superior performance in field effect transistors, photodetectors (PDs), and some flexible devices.

The PG & Research Department of Physics conducted Webinar on “Low Dimensional Semiconducting Materials and their Applications in Optoelectronics” on 24.05.2021. Mrs. R. Arulmozhi, Assistant Professor of Physics, A.P.A. College for Women, Palani lectured on how in the application of PDs, the variety of low-dimensional materials and properties enable wide-spectrum detection from ultraviolet UV to infrared, which provide a potential option for PDs under various conditions. She focussed on the various low-dimensional materials that have been extensively used and their applications in the electronics/optoelectronic and flexible electronics.

28	Webinar on “CA CMA CS – Career Excellence ”	PG & Research Department of Commerce	02.06.2021	76

### Report:

The three professional courses related to Commerce discipline are CS, CMA or CA. While there a number of similarities among the three, they are still far apart from one another. So in order to pick the right one for oneself, one has to understand his own aptitude, academic background and interests. There are a lot of similarities when it comes to the syllabus in all three courses – CA, CS and CMA. However, the main focus of CA is Finance, Auditing and Tax. The main focus of CMA is the in-depth study of Cost and Management Accounting whereas CS gives you a detailed study structure for Company Law and Company Secretaryship.

To make these differences more clear and show the way for career excellence, the PG & Research Department of Commerce conducted a Webinar on “CA CMA CS – Career Excellence ” on 02.06.2021. Mr. Vijay Ravi, Auditor and Mr. N. Srinivasan, Chartered Accountant, AKS Academy addressed the participants and guided them perfectly.

29	Webinar on “Digital Etiquettes for the Budding Professionals”	PG & Research Department of Commerce	07.06.2021	110

**Report:**

Social Etiquette in real life is ingrained into our social life, although etiquette in technology, commonly referred to as netiquette, is a fairly recent concept. It is a social code that is used in all places where one can interact with other human beings via the Internet, including text messaging, email, online games, Internet forums, chat rooms, and many more. It can be a challenge to communicate on the Internet without misunderstandings mainly because input from facial expressions and body language is absent in cyberspace. Comprehending the importance of Social Etiquette in the modern times, the PG & Research Department of Commerce conducted a Webinar on “Digital Etiquettes for the Budding Professionals” on 07.06.2021. Dr. K. Sridevi, Associate Professor, School of Management, Krishna College of Engineering and Technology, Coimbatore discussed how in an attempt to safeguard against these misunderstandings and to discourage unfriendly behaviour, are regularly put in place at many websites, and often enforced by moderation by the website's users or administrators.

30	Webinar on “Role of Mathematics in Computer Science - Key to the Future”	PG & Research Department of Mathematics	09.06.2021	70

### Report:

Computer scientists use mathematics in their professional lives in several ways. First mathematics provides the theoretical basis for many subfields of computer science, and important analytic tools for others; computer scientists thus apply specific mathematics provides a frame work for reasoning about computing and computing problems, and even more broadly, provides a mental discipline for solving these problems.

Mrs.R.Janani, Assistant Professor, Department of Mathematics, SSM Institute of Engineering and Technology, Dindigul spoke on the topic in detail.

S.No.	Title of the Programme	Organizing Unit	Date	No. of Participants
31	Webinar on “Financial Awareness and Consumer Training”	PG & Research Department of Commerce	28.06.2021	110

### Report:

Globally, youth are becoming financial consumers earlier in their lives than ever before and making financial decisions (credit cards, education loans) that can have lasting consequences, if not well managed. Before they graduate and join the workforce and take on more financial obligations for the first time, our youth can benefit from learning how to set financial goals, avoid problems and know where to go for help when they need it. They also need to be aware of their rights and responsibilities as financial consumers.

Comprehending the situation, the PG & Research Department of Commerce conducted a Webinar on “Financial Awareness and Consumer Training” on 28.06.2021. Mr. S. N. Jeyabalan, Financial Educational Trainer, National Center for Financial Education provided financial education to our young graduates and postgraduates, on topics relevant to them, which will positively impact their financial wellbeing.
